

# Grower's Secret

## NITROGEN FOR ORGANIC PRODUCTION

# GROWER'S SECRET NITROGEN 16-0-0

### Plant-Based Water Soluble Nitrogen

16-0-0

#### Guaranteed Analysis

Total Nitrogen (N) .....	16.0%
15.9% Water Soluble Nitrogen	
0.1% Water Insoluble Nitrogen	
Derived from: Soy protein hydrolysate.	

F1840

**STORAGE:** Store in the original container in a cool, dry place away from excessive moisture and heat. Reseal container after each use.

**CAUTION:** May be harmful if swallowed. Avoid contact with eyes, skin, open cuts and sores. KEEP OUT OF REACH OF CHILDREN AND PETS. Wash hands after use. For general clean up use warm soapy water.

**NOTICE:** Buyer assumes all responsibility for safety and use not in accordance with label directions.

**Provides a rich source of nitrogen for nitrogen loving plants. Use to help plants grow quickly, and to improve plant quality and appearance. Suitable for use in commercial agriculture and horticulture.**

Grower's Secret Nitrogen 16 (GSN16) is a protein that can be applied by ground or air application to plants, through drench, drip or flood irrigation on soil to prevent or correct nitrogen deficiencies that could limit growth and yields. GSN16 is nontoxic to plants when applied as directed. For best results, apply GSN16 according to recommendations based on plant tissue or soil analysis for a given crop.

**MIXING INSTRUCTIONS:** Mix well in the desired amount of water. GSN16 is believed to be compatible with most fertilizers and plant nutrient products with the exception of products containing high levels of Calcium such as CAN 17. When mixing with other products it is recommended that a physical compatibility test be conducted before use. A test using small quantities in proportion to field application rates is recommended.

#### DIRECTIONS FOR USE:

**Agricultural and Horticultural crops:** Apply 2-10 pounds per acre when plants are actively growing or as needed based on your nutrient management program determined from soil and plant tissue analysis for your specific crop. This product is a commercial fertilizer and should be used as part of a comprehensive nutrient management program.

**Lawn and Garden:** Mix 1-2 Tablespoons per gallon of water. Apply as a foliar spray, soil drench, or through irrigation systems every 2-4 weeks or as needed. This product can be applied all year long for most plants that are actively growing.

Recommended rates are intended as a guideline only and may not be suitable for all regions, conditions, and crops. Specific application rates should be determined from crop and soil analysis.

Do not apply near water, storm drains, or drainage ditches. Do not apply if heavy rain is expected. Apply only to the intended application site. Any material that lands on an impervious surface must be swept back onto the turf.

Net wt. 1 lb. (0.45 kg)     Net wt. 50 lbs. (22.68 kg)     Net wt. 1225 lbs. (555.65 kg)     Net wt. \_\_\_\_ lbs. ( \_\_\_\_ kg)

**NOTICE OF WARRANTY** – Grower's Secret, Inc. warrants that the product conforms to its chemical description as is reasonable for the purposes stated on the label when used in accordance with directions under normal conditions of use. Crop injury, ineffectiveness or other unintended consequences may result because of such factors as weather conditions, presence of other material or manner of use or application, all of which are beyond the control of Grower's Secret, Inc.
