

GROWER'S SECRET STRIKE 5-0-0

WATER SOLUBLE NITROGEN FOR PLANT CULTIVATION

100% Water Soluble - No suspended solids

Grower's Secret Strike 5-0-0 is a natural ammonia derived from plant and animal protein.

GS Strike 5-0-0 is a versatile liquid fertilizer that works with drip, sprinkler, and water-run systems, and can also be injected directly into soil or planting beds. It delivers plant-available nutrients throughout the crop cycle, even near harvest. For best results, use alongside a dry pre-plant fertilizer supplying 60–70% of nutrient needs. GS Strike 5-0-0 is ideal during peak nitrogen demand when dry organics release nutrients too slowly.

Key Features

- 100% of the nutrients are soluble ammonia
- Flexible liquid fertilizer suitable for a variety of application methods.
- The Plant Available Nitrogen is 100%
- Capable of correcting nitrate deficiencies within a few days.

FREQUENTLY ASKED QUESTIONS:

- What is GS Strike made from? [Soy protein hydrolysate, meat and bone meal, corn steep liquor and molasses.](#)
- How can GS Strike be applied? [GS Strike can be applied through drip irrigation, direct soil injection, or sprinkler and water-run systems at any stage of the crop cycle, including close to harvest.](#)
- Can GS Strike be applied during all stages of crop growth? [Yes, GS Strike can be applied during all stages of crop growth and is especially effective in correcting nitrate deficiencies and boosting nitrogen availability during high-demand periods in both short – and long – season crops.](#)
- What is the shelf life of GS Strike? [GS Strike has a very long storage life and is affected only by evaporation or volatilization due to ammonia gas release due to an unsealed tank.](#)
- What is GS Strike availability? [GS Strike is sold in 275 gallon totes and tanker loads.](#)
